Leads that Lead to Policies

What makes **Hometown Quotes** stand out?

- **Competitiveness:** We only distribute our leads a maximum of 4 times to agents and/or carriers.
- **Growth:** Ability to ramp up marketing efforts to meet higher demands.
- **Performance Focused:** Our client's KPI's and goals are consistently measured and monitored for account optimizations and program growth.
- **Detailed Reporting:** Reporting and pivot tables are our obsession when reviewing account performance.
- **Email Experts:** Ability to manage real-time email drip campaigns.
- **Dedication:** Every client has different goals and needs. Our dedication to each client is the back bone in developing successful programs and partnerships.

We verify the lead quality of every source by calling a random sample of all leads.

We continually monitor the quality of all of our sources, including our internal traffic. We measure contact rates and the consumers' interest-level to make decisions/changes to different campaigns and sources or remove them completely.

We believe that "HOW" the lead is generated ultimately drives policy conversion. Therefore, we strive to work with companies that use the same marketing techniques we use to generate online leads.
